

Joyful Change

... how to?

A blurred landscape photograph featuring a bright, glowing sun or moon in the center. The sky is a deep blue, and the foreground is filled with dark, out-of-focus trees and foliage. The overall effect is dreamlike and ethereal.

How real is reality ?

You perceive what you believe

You ignore  
what doesn't fit your beliefs

Don't believe everything  
you think

The background image is a heavily blurred landscape. In the center, a bright, glowing light source, likely the sun or moon, is partially obscured by dark, silhouetted trees. This light creates a horizontal band of soft, multi-colored light (pink, purple, blue, and green) that stretches across the middle of the frame. The foreground consists of dark, out-of-focus foliage. The sky above is a clear, deep blue.

Do you think  
this picture has been  
created on a computer?

The background image is a heavily blurred landscape photograph. It appears to be a sunset or sunrise scene. In the foreground, there are dark, out-of-focus silhouettes of trees and bushes. The middle ground shows a body of water reflecting the light from the sky. The sky is a mix of blue, purple, and pink hues, with a bright, glowing area where the sun is setting or rising. The overall effect is a dreamy, ethereal, and soft-focus aesthetic.

It's a shot  
out of a series  
of normal landscape pictures

I too could hardly believe it
